

The excitement was everywhere at the Fifth Annual Alumni-Student Career Speed Networking Event held at the Rutgers Student Center on November 17. The event was sponsored by the Livingston Alumni Association, Rutgers Alumni Association, and Rutgers Career Services, along with the Graduate School of Education and Cook Community alumni associations, with more than 150 alumni attending. We thank all who joined us for this year's event.

After a light supper and alumni networking hour, more than 200 enthusiastic students entered the room to network with alumni, meeting two or three at a time for a total of 20 rotations. After each exchange, the whistle would blow, the ushers helped us move to the next group, and it began again.

After the last round, all were invited for ice cream, and students conversed with us at length about job hunting, interviewing, and finding out how our typical work day and career work for us.

As LAA Board Member Rosemary Agrista LC'76 said about the event, "I was exhausted, stimulated, and I'll do it again!"

Best wishes to all LAA members and families for a very happy and healthy 2011.

Marty Siederer LC'77
President
Livingston Alumni Association
