The LAA board had the opportunity to get an update on the progress being made towards Rutgers University's [Vision for the Livingston Campus](#). Dining, housing, and academic buildings are the next large construction projects on tap. University Facilities & Capital Planning has developed a [website](#), to communicate all Livingston Campus Construction information, including details on these major projects:

- [Livingston Dining Commons](#): Active construction from February 2010 to July 2011. Scheduled to open in fall 2011, to replace dining facility in Tillett Hall, and able to seat more than 900 people.
- [Livingston Housing](#): Active construction from October 2010 to September 2012. Scheduled to open in fall 2012, housing 1,500 students and including street-level retail services.
- [Rutgers Business School-New Brunswick](#): Active construction from October 2011 to July 2013. The \$85 million [Business School project](#) is partially funded by an anonymous donation of \$10 million. Scheduled to open in fall 2013, serving more than 3,200 undergraduate students in addition to graduate and continuing professional education students.

If you join us for the LAA Awards Dinner, plan to arrive on campus a bit early so that you can see the fountain by Tillett Hall and all of the expansion going on for future students.

Best wishes,
